iConnect

Iswitch

Iswitch Socket

- Lighting
- Curtains / Blinds
- Air conditioning
- Scenario

Everything you need is at hand with Interra Concierge service. You can take a **taxi, pharmacy, market, car wash, reservation etc.** with your mobile devices without leaving your seat. all your needs at your door.

RESIDENCE

Smart Home

Lighting / Dimming
With Interra, your mechs are in an age of enlightenment. You can provide the lighting systems you want in your spaces perfectly.

Air Conditioning
Irregular heating and cooling are the situations that cause the most energy loss. With Interra air-conditioning solutions, you can determine the active working time of your home's heating and cooling processes. You can save money thanks to the air conditioning system that blends perfectly with your home.

Scenarios
All the scenarios you set at the exit or entrance of the house are started with a single touch. You can also create the scenarios you want to realize based on time, so you can enjoy the comfort you desire within the time you set.

Mobile Control

Curtains / Blinds
By controlling your curtains / blinds on the touch panel, you can bring your spaces to life.

Mobile Solutions
It develops software on every platform for Interra users, allowing you to control automation, concierge / services, alarm and other capabilities from your smartphones, iPad or even iWatch device. While controlling smart life and comfort from where you live, security messages and warnings are sent to your mobile phone even when you are not at home.

Security System

- Cameras
- Burglar alarm sensor
- Fire alarm sensor
- Glass break / break sensor
- Gas leak sensor
- Emergency health alarm sensor

Sip / Voip Based Video Door Phone
With the IP-based phone and video iControl in front of the building, you can see the guests coming to your door via Interra Touch Panel and communicate if you wish. Also, thanks to the face recognition feature, you can open your door without touching anywhere.

- Voip
- Sip
- Face recognition
- Card Pass
- Call Forwarding
- Logging

Concierge and Residence Services

The services menu offers you the key to the solution of all the problems you may have at home. These services are called through Interra panels or by Interra mobile applications and instant information is transmitted to the lobby, reception or building management
